WalkWest | VIRTUAL LANDMARKS

This November I'm walking to support vulnerable patients in my community.

I'm taking on 42km in 21 days to show support, care and compassion for patients in Melbourne's west and raise funds for Western Health.

The money I will raise will go towards supporting patients with their treatment and recovery at a time when they need it the most.

You can search for my fundraising page and sponsor me at: walkwest.com.au
